

## Blue Transport Solutions Pty Ltd CoR Compliance

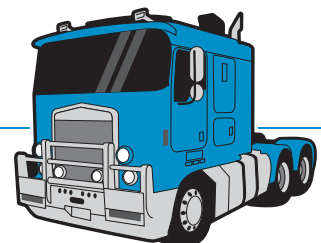

Blue Transport Solutions (RCT) have been in the transport industry for over twenty year. We have a fleet of vehicles with a wide variety of specifications to suit your transport requirements.

Our customer list has grown significantly to encompass vast cross sections of the industry with many different transport requirements. Because of these needs we have trucks and trailing units with different features and capabilities.

Compliance is huge in the transportation industry, in October 2018 the NHVR introduced Chain of Responsibility (COR), each and every day we are furthering our compliance in regard to driver management & fatigue so that our customers have peace of mind knowing that they too can be compliant when using BTS for your transportation needs.

- Our operators are appropriately licenced for the type of vehicle they drive.
- Our operators have attained their construction white cards.
- As you know our office can provide you with SWMS, Plant Risk Assessments, Driver Pre-Starts and all the necessary insurances.
- Our vehicles are regularly serviced and maintained by our own mechanics & are annually inspected by RMS inspection stations each year before rego is due. Our maintenance records are recorded on 'Gearbox' so we can provide up-to-date service records in real time.
- We have on real time vehicle tracking - so you can feel at ease knowing you can stay in touch with your load at all times and so that was can manage fatigue.
- We have access to Pallet Lifters, Pipe Lifters, Switchboard Lifting Bars, Road Plate Lifters and Pipe Racks if required.

With all of this in mind it should be reassuring to you that we have acknowledged the new **Chain of Responsibility** rules and regulations.

*Knowing that we comply with driver management and fatigue should put your mind at ease when booking trucks given all links in chain are now susceptible to prosecution.*

Should you wish to discuss this further, please do not hesitate to call me on (02) 9673 3500.

Kind Regards,
